COLLEGE PURPOSE

Montmorency Secondary College encourages members of the school community to achieve their personal best in an environment that promotes excellence and responsibility and recognises individual differences.

COLLEGE VISION

"Montmorency Secondary College aims to be a dynamic, responsive learning community; dedicated to ensuring everyone has the best possible opportunity to achieve their intellectual, social and physical potential. The school focuses on forging a learning partnership of teachers and students; with thinking strategies and intelligent behaviours integral parts of the curriculum design, delivery and assessment. We will actively work to produce engaging and challenging programs that provide meaningful and satisfying outcomes.

Our core values will be reflected in the professional and personal behaviour of members of the school community. We are a learning community committed to continuous improvement with a proactive and compassionate approach to change. We believe education works best when in active partnership with parents and the wider community. We value this partnership, recognising the diversity and strength this brings to supporting mutually beneficial initiatives that provide meaningfully for our students' education.

Collegial interaction and support is encouraged and valued through clear communication and professional reflection. We seek a balance of visionary leadership and strategic management, creating a shared responsibility for the growth and success of the school's goals through mentoring, coaching, relevant skills development, personal growth and empowerment. Broad-based participation, accountability and involvement is actively supported & encouraged.

Montmorency Secondary College is committed to developing 'Best Practice' in the design and delivery of a quality Educational environment, where safety, personal development and welfare are paramount for all stakeholders. We believe in the value and empowerment of life long learning, seeking to model the same by making every effort to be current with new learning technologies and methodologies.

Our core purpose is to encourage and promote success and excellence in our students; to create a sense of culture and community; one that fosters the best in all."

COLLEGE VALUES

Courage: being able to face difficulty and uncertainty without being overcome by fear or being deflected from a chosen course of action

Friendship: a mutual feeling of trust and affection that obligates people to "be there for each other"

Achievement: having a dream or aspiration and acknowledging the milestones reached along the way

Trust: we believe in ourselves and each other and rely on each other in all circumstances

Happiness: the satisfaction and contentment that comes from developing and maintaining positive relationships with others

Teamwork: being committed to work co-operatively towards a common vision

THE VICTORIAN TEACHING PROFESSION CODE OF ETHICS (VIT)

As teachers, we use our expert knowledge to provide experiences that inspire and facilitate student learning. We are a significant force in developing a knowledgeable, creative, productive and democratic society. The values that underpin our profession are **integrity, respect** and **responsibility**.

We hold a unique position of trust and influence, which we recognise in our relationships with students, parents (caregivers and guardians), colleagues and the community.

We demonstrate our **integrity** by:

- Acting in the best interests of students
- Maintaining a professional relationship with students, parents, colleagues and the community
- Behaving in ways that respect and advance the profession.

We demonstrate our **respect** by:

- Acting with care and compassion
- Treating students fairly and impartially
- Holding our colleagues in high regard
- Acknowledging parents as partners in the education of their children.

We demonstrate our **responsibility** by:

- Providing quality teaching
- Maintaining and developing our professional practice
- Working cooperatively with colleagues in the best interests of our students

The purpose of this code is to:

- State the values that guide our practice and conduct
- Enable us as a profession to affirm our public accountability
- Promote public confidence in our profession

This code sets out the ideals to which we aspire.....
