## Statement of commitment to child safety

Montmorency Secondary College is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences. Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

The responsibilities of the Student Wellbeing Coordinator are outlined at [Guidance for child safety champions](#).

Our Principal Team and Student Wellbeing Coordinator are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

- The Principal Team is responsible for informing the school community about this policy, and making it publicly available.
- Other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and Child Safety Risk Register.

Our Principal Team and Student Wellbeing Team meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing. Our Student Representative Council provides an opportunity for students to provide input into school strategies.

Our Principal Team monitors the Child Safety Risk Register.

## Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The [Child Safety Code of Conduct](#) also includes processes to report inappropriate behaviour.

### Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Through our [Digital Learning Policy](#) and the [Acceptable Use Agreement](#) we are able to manage the risk to child safety and wellbeing during digital and online use.

### Establishing a culturally safe environment

At Montmorency Secondary College, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- Begin events and meetings with a Welcome to Country or an Acknowledgement of Country as a standing agenda item.
- Fly the Aboriginal and Torres Strait Islander flags on the College grounds.
- Aboriginal and Torres Strait Islander students who attend the College are provided with first offerings to participate in our Bridging and Challenge programs, the Middle Years Literacy and Numeracy Support initiative (MYLNS) and Tutor Learning initiative (TLI).
- Our College works closely with Aboriginal and Torres Strait Islander students to identify their preferred learning units and ensure they are given priority when allocating students to those learning units.
- The College organises “meet and greets”, morning teas and other social gatherings for our Aboriginal and Torres Strait Islander students, providing them the opportunity to meet and socialise with other Aboriginal and Torres Strait Islander students who attend the College.
- All Aboriginal and Torres Strait Islander students at the College are supported with an Individual Education Plan (IEP) which outlines the measures we have in place to maintain an inclusive and culturally safe school for them.
- The attendance of all Aboriginal and Torres Strait Islander students is carefully monitored, and any non-attendance is given priority attention.

### Student empowerment

To support child safety and wellbeing at Montmorency Secondary College we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging implementing our whole school approach to Respectful Relationships, our student Code of Conduct, our school values.

We inform students of their rights through our whole school approach to Respectful Relationships, which is imbedded in our Health and Human Relations learning unit, and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns through our Complaints Management Policy, the Wellbeing hub and the General Office.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

The College employs various strategies to ensure Year 7 students receive the best pastoral care, including an innovative Year 7 Home Group structure. Students are grouped into Home Groups with a Home Group teacher who will teach them for one or more subjects ensuring consistent interaction and bonding between students and Home Group teachers.

Our *Bigger Buddies* program, which assigns selected Year 10 students to Year 7 Home Groups, is another strategy we employ as a key support for our transitioning Year 7 students.

### Family engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Montmorency Secondary College we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- all of our child safety policies and procedures will be available for students and parents on our [College website](#) and hard copies will be available through the General Office
- our College Compass portal and our College Newsletter will inform families and the school community about any significant updates to our child safety policies or processes, and strategies or initiatives that we are taking to ensure student safety
- PROTECT Child Safety posters will be displayed across the school, specifically in our Wellbeing hub, our College Resource Centre, our Sick Bay area and in each of our transit areas of the school.
